About

I self taught web development and design, enjoy building websites with a beautiful and professional user interface by using HTML, CSS and JavaScript with React, jQuery and Angular frameworks. I have a few knowledge about graphic design using Adobe XD, Illustrator, and Photoshop. I am currently in school for Back End and improving myself in Front End.

Awards

- **5 years experienced in sales**
- **Top Salesman in the region**

Education

Present - 2019

Certificate in Apis And Microservices
